Pray For My Success

That Yahweh thy God may bless thee in all that thou settest thine hand to in the land whither thou goest to possess it.

In the past I have prayed for success in the stock market and I have never made less than 200% returns in any 6 month period and I usually tend to get 400% returns in 3-4 months.

I am presently seeking to make a covenant with God on a very specific matter. I have some ongoing issues against various foes... If Yahweh God will deliver their money, their estates, their property, their assets, into my hands, I will promptly tithe 15% [rather than the usual 10%] to my kin and those who work for our people.

I have a particular enemy in Missouri who has a stake in a cattle ranch in South Dakota, I am asking that God deliver all of his property, all of his wealth, all of his land, all of his assets, all of his money, to me, and leave him desolate and penniless.

I ask that my brothers and sisters join with me in prayer and call on Yahweh to bless me and to accept my pledge of 15% tithing and to make wondrous things happen for me.

Basically when it is boiled down, I am asking Yahweh for approximately $240,000 in the next 4 months [from various foes] along with the entire estate, wealth, property, money, etc, of the wicked one in Missouri [the ranch in South Dakota might be worth $500,000 just by itself].

I am not ashamed to ask Yahweh to bless me in a material matter and to grant me material success. Would it be better for me to strive to succeed via my own hand and then for me to thump my chest and declare my success evidence of my genius and my own prowess? I readily confess, and proudly at that, I need Yahweh to succeed! Be with me during these trying times and humble my enemies!

Revelation 18:
Und ich hörte eine andere Stimme vom Himmel, die sprach: Gehet aus von ihr, mein Volk, daß ihr nicht teilhaftig werdet ihrer Sünden, auf daß ihr nicht empfanget etwas von ihren Plagen!

Denn ihre Sünden reichen bis in den Himmel, und Gott denkt an ihren Frevel.

I'll be praying.
"*Give a hammer to a white, and he will build civilization;*
Give a hammer to an asian, and he will build other hammers;
Give a hammer to an arab, and he will kill his wife;
Give a hammer to a nigger, and he will kill whites;
Give a hammer to a jew, and he will sell it to niggers."
