=====

I, Bryan Reo, under penalty of perjury, declare that I have a goodfaith belief that my copyright is being violated by Martin Lindstedt at www.whitenationalist.org a website that receives service from Joshua Singer of Crisis Host (Crisis Host was notified of the copyright violation and has thus far declined to act).

My picture is being illegally used by Martin Lindstedt on an account called "Broke Back Mamzer" which Martin Lindstedt is using to impersonate me and make posts under my name. Additionally, he is also stealing my posts and publishing private emails that were private correspondences I sent to other individuals who then sent them to him. He has no right to publish anything along those lines. I cannot provide an original link to where the picture was originally hosted as I removed the content from where it was originally hosted and he stole it prior to its removal.

These are just two of the fifteen instances where he has made posts that contain my

picture (picture included as the user avatar)

<http://whitenationalist.org/forum/sh...=3912&posted=1>

<http://www.whitenationalist.org/foru...3&postcount=19>

<http://www.whitenationalist.org/foru...15&postcount=2>

At this post he has unlawfully reproduced a post I made on another forum (although he edited parts of it with blue text)-

<http://www.whitenationalist.org/foru...12&postcount=1>

At this post he has unlawfully reproduced a private email that I sent to his server (who has thus far refused to act on the copyright violations)

<http://www.whitenationalist.org/foru...3&postcount=19>

Attached is a copy of my driver's license so my picture can be seen and it can be confirmed that I am the person pictured in the avatar. Under no circumstances is my driver's license picture to be sent to Martin Lindstedt (owner/operator of WhiteNationalist.org) or to the Crisis Host service provider as I believe they would forward it to Martin Lindstedt.

At this time, due to the frequency and severity of the offenses, and the refusal of the site operator and the direct service provider to do anything about the violations, I am requesting that the site be taken down pending litigation.

Additionally, if it matters, Martin Lindstedt is breaching terms of service for racism, bigotry, obscenity, vulgarity, sedition, and advocacy of criminal/violent behavior. He is also libeling a lawyer in New York City and myself by claiming we are involved in insurance fraud and murder- <http://www.whitenationalist.org/foru...4&postcount=20>

Time to die Bryan, you Red Nigger Mamzer

By: Pastor Martin Luther Dzerzhinsky Lindstedt**Date:** 1/6/2016, 11:36 pm

The two posts that Bryan Reo/SwordBrethren have complained about are not in my opinion copyrightable in that one involves a civil and criminal conspiracy to remove me from a crappy Paltalk chat room that one of my followers spent ten minutes setting up for me and my Church. On Bryan Reo's Talkshoe show at 7:00 am 6 Jan 2016, Reo was asking for someone to tell him how to make a complaint to Paltalk to get this chatroom shut down. I fail to see why Paltalk is going to worry about what some people are saying in a Paltalk chatroom even if it is racist and bigoted and there is cussing in it. Is Paltralk going to monitor every single Church service in order to ascertain what is being said? And I'm sure that my follower will set me up another Paltalk chat room if I ask him to.

- The only good thing about Marty obsessing about Reo is at least you know it's that much time he's NOT thinking about his grandson. *NM***
