CASE NO. 16CS000102

JUDGE VINCENT A. CULOTTA

JUDGMENT ENTRY

This matter was referred to the magistrate pursuant to Civ.R. 65.1 to address whether a request for a civil order of protection ought to be granted for the protection of the Petitioner Bryan Reo, against the Respondent Martin Lindstedt. A full hearing was conducted on February 25, 2016. The magistrate issued her decision on March 3, 2016, and a civil order of protection was granted for the protection of the petitioner against the respondent through January 19, 2019. On March 21, 2016, the respondent timely an objection to the magistrate's decision. However, the respondent failed to file a transcript of the proceedings as required by Civ.R. 65.1(F)(3)(d)(iv).

On April 22, 2016, this court ordered the respondent to file the required transcript within twenty-eight (28) days. To date, no transcript has been filed.

WHEREFORE, it is ordered that the respondent's objection to the magistrate's March 3, 2016 decision is denied.
