11/30/2020	56	Rule 4(a)(5) **Motion** for extension of time to file a notice of appeal until after this court determines plaintiff Bryan Reo's imaginary damages upon this court's improperly granting of summary judgment to its regime's agent provocateur Reo filed by Defendant Martin Lindstedt. 12/04/2020	57	**Minute Order** of Status Conference held on 11/30/2020. The question of damages is the only remaining issue to be resolved. Consistent with the court's discussion with the parties, Plaintiff shall file a memorandum within fourteen (14) days of the date of this Order setting forth the damages he asserts with respect to each claim. Defendant may file a responsive memorandum challenging Plaintiff's claimed damages and evidence within fourteen (14) days after Plaintiff files his memorandum. Plaintiff shall file any expert reports by January 19, 2021, or else proceed without any expert witnesses. Defendant shall file any rebuttal expert reports by March 1, 2021, or else proceed without any expert witnesses. The cut−off date for expert discovery is March 31, 2021. The court notes that it will set a date for a jury trial on the issue of damages unless the parties file a stipulation indicating that they would prefer to proceed via bench trial. 12/04/2020	58	**Order** denying Defendant's Motion for Extension of Time to File an Appeal pursuant to Federal Rule of Appellate Procedure 4(a)(5). No final appealable judgment has been rendered in this case because, although the court decided all questions of liability in its summary judgment Order (ECF No. 44), the question of damages remains unresolved. Because Defendant's request to extendthe deadline to file a notice of appeal is premature, the court denies the Motion. Related document 56 .
