Just as the Day of Atonement was about to end this reporter from the Cleveland Plain Dealer called me up and asked my opinion on this federal judge's giving summary judgment to Ol' Niggerlips / Bryan Reo of the ZOGbot Poverty [F]Law Center.

Upon finding out that it was the Solomon Oliver case I of course said that I'd file a Rule 59(e) Motion to Reconsider. I pointed out that as probably the only real open White Supremacist -- a "White Nationalist" is a ZOGling whigger, jew or mamzer pussy too chickenshit to admit that White People shouldn't have to live in the same country as non-whites and jews claiming that they want a "pissful separation" to be given them by ZOG/Babylon as opposed to gaining it the old fashioned way through civil war and genocide.

Of course I was thoroughly racist in promoting racism. The reporter said that he couldn't repeat verbatim what I said. I said that this was exactly the position of the Daily Capital Journal of Pierre South Dakota. But everything I said was on the record and by the way I was recording this as well. So we'd see what was got.

I pointed out that what was it to me if a nigger judge destroyed the Myth of the First Amendment. My position is that a Satanic mamzer faggot ZOGbot Abomination could have stopped fighting with me back when I found out that "SwordBrethren" was none other than Bryan Reo of Mentor Ohio. Ol' Niggerlips (my nickname for Bryan Reo as what non-white pretend White Supremacist calls itzself Ol Niggerlips -- a shitskinned slant-eyed unbrowed jewboy mamzer faggot playing at White Supremacist that's what) even won a gag order and they will be holding a hearing for "damages."

My position is that NorthEastern Ohio needs to be destroyed absolutely. I think within the next few years that White Supremacist Warlords can chernobylize the North Perry Nucleart Power Plant by cutting off the water and fuel supply and causing this aging reactor to melt down just to show that us Warlords mean business. None of us budding White Supremacist warlords running local theocratic military dictatorships can afford to let Northeastern Ohio exist, certainly not as an antifa shithole which drags Aryan Nations pastors and their Churches to face trial by nigger and gliberal whigger lynch mob jurors. Every single pig, lawyer, judge, plutocrat and politician that refuses to live and let live needs to be exterminated, along with the majority of the population with the rest enslaved.

The thirty-eight minute interview with the reporter is recorded below.
