)	<u>ORDER</u>

The court scheduled and held a telephone status conference on May 18, 2023. Bryan Anthony Reo (on behalf of plaintiffs) and Martin Lindstedt participated. The court discussed the post-consolidation status of the case. Lindstedt stated that on May 15, 2023 he furnished responses to plaintiffs' requests for admission by email and regular mail. Plaintiffs confirmed email receipt, but asserted a motion to strike the responses would be forthcoming. Plaintiffs also highlighted its pending motions. The court acknowledged the pending motions, indicating that it would extend the time for Lindstedt to respond to the motion to dismiss.

The court ORDERS that Lindstedt shall have until May 25, 2023 to mail his responses to plaintiffs' motion to dismiss. In order for the responses to be timely, the envelope must be post-marked on or before May 25, 2023.

IT IS SO ORDERED.
